OCLC Number: (OCoLC)48763735 Subject: High school graduates -- Scholarships, fellowships, etc. -- Washington (D. C.). Excerpt: . . . 11 rolled at private HBCUs outside of Maryland and Virginia, which were members of the UNCF. CBOs tabulations of the IPED data indicated that perhaps an additional five D. C. students were en-rolled at nonmember private HBCUs. The UNCF data also indicated that 92 percent of students at its member schools were en-rolled full time. CBO assumes that the full-time part-time enrollment distribution of those students would be similar for D. C. students. Under the proration rules of the program, we estimate the average grant would be about 2, 400. With projected enrollment growth, CBO estimates that costs (including administrative costs) would average about 1. 4 million during the 2003 - 2005 period, with slightly lower costs in 2002. Intergovernmental and private-sector impact: H. R. 1499 contains no intergovernmental or private-sector mandates as defined in UMRA and would impose no costs on state, local, or tribal governments. Previous Pre CBO estimate: On August 3, 2001, CBO provided an estimate of H. R. 1499 as passed by the House of Representatives. CBO estimated that version of the legislation would cost 9 million in 2002 and 30 million over the 2002 - 2005 period, assuming the appropriation of the necessary amounts. That version of H. R. 1499 would have eliminated the January 1, 1998, graduation date and the three-year enrollment requirement completely. In contrast, the version of H. R. 1499 approved by the Senate Committee on Governmental Affairs would eliminate the graduation date requirement for current enrollees of postsecondary institutions, but require other individuals to...
