The Necessity of Finance: An Overview of the Science of Management of Wealth for an Individual, a Group, or an Organization

By IV Anthony M Criniti, Dr Anthony M Criniti IV

Criniti Publishing, United States, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.The Necessity of Finance: An Overview of the Science of Management of Wealth for an Individual, a Group, or an Organization provides a comprehensive, concise orientation for those seeking an understandable presentation of the complex nature of finance. Using everyday terms and readily grasped concepts, Dr. Anthony M. Criniti IV, a former financial consultant and current university-level finance professor, sets out to detail the necessity of finance; to clarify the definition, purpose, and goals of both finance and economics; to explore financial concepts in a straightforward manner; and to stimulate interest and understanding that will lead to ongoing investigation. Finance, although highly interrelated with many subjects, is a separate field of study often confused with other areas, most notably economics. With world wealth accumulating to its highest point in history, the necessity to understand this subject on its own terms is crucial. The Necessity of Finance highlights the need to engage with finance as a separate science, clears up the confusion with related subjects, and coins the word financialists to identify the scientists in this dynamic field....

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.
