

Aircrew Training: Developing Objective Data to Support Flying Hour Programs: Nsiad-89-99

Filesize: 8.06 MB

Reviews

The ebook is straightforward in go through preferable to recognize. It typically does not charge too much. Its been designed in an exceptionally straightforward way and it is just following i finished reading this book where basically altered me, affect the way i really believe.

(Dr. Reta Murphy)

AIRCREW TRAINING: DEVELOPING OBJECTIVE DATA TO SUPPORT FLYING HOUR PROGRAMS: NSIAD-89-99

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 22 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed the Tactical Air Command (TAC) and Strategic Air Command (SAC) flying-hour programs, focusing on: (1) changes TAC and SAC have made to their criteria for rating units; and (2) procedures the Air Force has under development to provide additional quantitative data for base flying-hour determinations. GAO found that: (1) data exist to develop links between flying activity and measures of operational performance and safety for a wide range of aircraft, but data will not be available for all aircraft for at least 2 years; (2) 5 to 10 years of analysis will have to be completed before the data can be used to design training programs; (3) TAC planned a feasibility study to quantify the change in combat capability by changing the number of aircraft flown; and (4) TAC planned to add specifics to the training required above the mission-ready standard. GAO also found that SAC: (1) is performing a study to provide data to correlate B-52 flying hours and aircrew proficiency; and (2) plans to design a system that will provide combat-capable crews to meet SAC varied and changing missions. This item ships from La Vergne, TN. Paperback.
